REGD NO 1086R
DATE 1-10-01

To

P N Krishna Moorthy Esqr C I E
Dewan

Most Respected Sir,

Knowing, as I do these many years, that you take a keen interest in the cause of education, especially in the cause of Western Scientific education, I herewith venture to approach you with this humble request of mine, and I hope that you, in your usual highmindedness will grant me the request

I need not awaken you, sir to the fact that the era of electricity has begun, and that what electricity has hitherto done in furthering the material prosperity of the humanity at large, is an adequate index of

What it might do It, therefore, behoves everyone of us, who have the means, to go to the very fountain-head of science to drink of its clear waters But unfortunately for me, Sir, I have not the means, though I have the eagerness, and so I am forced to seek help where it could be got And knowing that you alone could help me, Sir I venture to ask you to grant me a scholarship to go to England to undergo a training in Electrical Engineering, which, in the very near future, is sure to push our province into the foremost ranks of civilized states in India

I do not hereby insinuate Sir, that I, individually, will be able to do much to my country, but that in the very little part I might take in the service of my country,

I am aware I will be better fitted to render the service with an English University training, than otherwise

As regards my qualifications I have not very much to say I have passed the B A examination from Central College, Bangalore having taken Physics for the science branch of it, and also the F L examination of the Madras University

Permit me to tell you, Sir, that I entirely trust to your help and my luck, in the success of my attempt

Hoping you would be kind enough to grant me the request

I remain,
most respected Sir
your obedient servant
S D Sheshadry Iyengar

No 303 Encl

Central College, Bangalore
24th January 1902

From
J Cook Esq M A ,
Principal, Central College, Bangalore

To
H V Nanjundayya Esq M A ML ,
Secretary to the Govt of Mysore,
Genl & Rev Departments

Sir,

With reference to your docket No 11546-7/M F 2-99 dated 11th January 1902 forwarding for favour of opinion copy of an application dated 1st October 1901 from S D Seshadri Iyengar B A for a scholarship to enable him to go to England to be trained as an Electrical Engineer, I have the honor to state that my certificate granted to S D Seshadri Iyengar on the 2nd October 1901, of which a copy is enclosed, shows the high opinion which I entertained of him during the six years when he studied in the College, and I have every reason to believe that he is both physically and intellectually as worthy a student as could be selected by the Government for a foreign Electrical Engineering scholarship

I have the honor to be,
Sir,
Your most obedient servant,

Cook

D N M

Principal

Central College, Bangalore

2nd October 1901

This is to certify that S D Seshadry Iyengar is well and favourably known to me as having been a student in the F A and B A classes of this College between the years 1891 and 1896 He has very good natural abilities and was all through his course a most regular, painstaking and respectful student His optional subject for the B A Degree was Physics and Chemistry in which he took a special interest He carried off the first prize in the Junior B A and the second prize in the Senior B A class and took his B A Degree in full in 1897

He has an excellent physique due greatly no doubt to the active interest which he always took in College cricket He has my best wishes for his future career

(Sd) J Cook
